Notes:

1. Completion of professional practice is mandatory for all graduate students, except for those graduate students who have been/are employed for at least 1 year in the last three years: financial analyst, financial risk manager, individual or corporate banker, financial manager, financial consultant or in a managerial position in a financial profile organization. Master's students with such experience have the right to take professional practice as an optional component.
2. A student who is required to choose a professional practice component is exempted from elective courses offered in the same semester of the main field of study.
3. Credits intended for elective courses of the free component can be used with elective courses of the main study area of the master's education program in finance.
