Amount of credits by semesters											32	28	29/30	29/30/31	30	30	30	3 1	
all											240								

Notes:

1. Within the framework of the program, it is mandatory to confirm knowledge of the English language at the B2.2 level or achieve it within the framework of the program. The student confirms the level of knowledge of the English language in accordance with the "Rules for determining the language competence of Kutaisi University students" ;

2. *Within the framework of the program, the student starts learning English from the level confirmed according to the mentioned rule . In the event that the student fails to prove his knowledge of the English language at the A2 level, he starts learning the English language within the program from the appropriate level confirmed according to the rules (English language A1 / English language A2); English language B1 .1 The student chooses the levels needed to start the level (A1 and A2 level) from the list of optional courses of the free component provided by the program;*
3. *A student who, in accordance with the mentioned rule Confirms knowledge of the English language at the B2 level, is exempted from the acquisition of the English language component, and the credits allocated to the English language (20 credits) are filled with optional study courses of the main field of study or the free component. If the level confirmed by the student is higher than the initial level defined by the program (B1.1), The remaining credits are filled by the student with the credits of the main field of study or optional study courses of the free component;*
4. *The credits of the free component, within the framework of which the student is given the opportunity to choose study courses from any educational program of the relevant level operating in the University, can be obtained by the elective study courses of the main field of study of the bachelor's Program in Economics.*
